The Eternal City will welcome the international Skiroll World Cup on September 16–17, 2025, offering a spectacular blend of sport, history, and culture.

For the first time ever, Rome will host a stage of the prestigious circuit — an extraordinary setting where athletes will race against the backdrop of some of the world's most iconic landmarks. The event coincides with the Jubilee Year and comes just months before the **Milano–Cortina Olympic Games**, making it a truly historic occasion for both participants and spectators.

The Rome competition follows the earlier stages in Madona (LAT) and Trollhättan (SWE), serving as the final stop before the grand finale in Ziano di Fiemme this upcoming weekend.

This stage will feature the world's top Skiroll athletes — men and women, seniors and juniors — with 18 nations represented.

## Competition Program for Rome and Fiemme

---

Over two intense days, spectators will experience Skiroll in a way never seen before — combining high-level competition with the breathtaking scenery of Rome.

- **Tuesday, September 16** – *Sprint TL 150 m*
